

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. SEC. 9. When any such assessment shall be made upon any land for the expense of constructing any such sewer, the owner of the land so assessed shall have the right to connect such land with such sewer, under such general rules and regulations as said sewer commissioners shall from time to time prescribe, upon executing to said town a release of all damage which may at any time happen to such estate in any way resulting from such connection.

SEC. 18. In case the owner or occupant to whom such order provided for in the two preceding sections shall be directed shall neglect or refuse to comply therewith within ten days after the service thereof upon him, such owner or occupant shall be fined not less than five nor more than twenty dollars for each subsequent twenty-four hours during which he shall neglect or refuse to comply therewith, and, in case such neglect or refusal shall continue for thirty days after the service of such order, said council may cause any cesspool, privy vault, drain, or other arrangement for the reception of drainage upon the land of such owner or occupant to be filled up and destroyed, and the pendency of any appeal from any of such orders or doings of said council shall not affect the power of said council, after the expiration of said period of thirty days, to cause the same to be forthwith filled up and destroyed, the foregoing provisions being in the interest of the public health of said town.

SEC. 19. The town council of said town, when thereunto requested by said commissioners, but not
